Dear Maria;

The Knights of Columbus will be conducting its national campaign to aid individuals with intellectual disabilities during the month of September. We will follow all health regulations of the Illinois Department of Health.

We would like to have permission to be in the front lobby of the Cicero Town Hall on Wednesday, September 14th

From 9 a.m. to 4 p.m. Most of the money raised in years past has been given to UCP Seguin Services which serves the western suburbs from Cicero. A portion of the money is given to the Special Olympics Illinois.

We greatly appreciate your support by permitting us to be in the Cicero Town Hall lobby for many years.

If you have any questions about this fundraising project, I will be glad to answer them.

Thank- You for your support in our campaign to help individuals with intellectual disabilities.

MODIFICATION OF EASEMENT AGREEMENT

THIS MODIFICATION OF EASEMENT AGREEMENT (this “**Agreement**”) is entered into effective as of the ____ day of _____, 2022, by and between **WAL-MART REAL ESTATE BUSINESS TRUST**, a Delaware statutory trust, with offices at 2608 SE J Street, MS 5560, Bentonville, AR 72716 (“**Walmart**”), and the **TOWN OF CICERO**, an Illinois municipal corporation, with offices at 4949 W. Cermak Road, Cicero, IL 60804 (the “**Town**”). Each of Walmart and the Town is sometimes referred to herein individually as a “**Party**” and collectively as the “**Parties**”.

RECITALS

A. In anticipation of development of certain property owned by the Town for retail by Walmart, the Town granted permanent access easement across property to Chicago, Central & Pacific Railroad Company (“**CCP**”) pursuant to the Easement Agreement by and between the Town and CCP dated July 8, 2011 and recorded as Document No. 1118931014 in the Cook County Recorder of Deeds on July 8, 2011 (“**Easement Agreement**”). Pursuant to Section 2(b) of the Easement Agreement, the Town granted to CCP a non-exclusive access easement (“**Non-Exclusive Access Easement**”) in the area then owned by the Town and legally described and depicted in Exhibit C-2 of the Easement Agreement and attached to this Agreement and incorporated herein as Exhibit C-2. The land constituting the Non-Exclusive Access Easement was part of the property that was subsequently sold to Walmart legally described on Exhibit A attached hereto.

B. Although the Town retained ownership of certain real property as shown on the Site Plan and being legally described on Exhibit B attached hereto and incorporated herein (the “**Town Property**”) that required access to the Non-Exclusive Easement Area in order for the Town Property to not be land locked, the Town inadvertently failed to reserve an easement across the Non-Exclusive Easement Area for itself when it sold the Non-Exclusive Access Easement property to Walmart.

C. The Town desires to allow the development of the Town Property and in connection with such development, the Town and Walmart have agreed to modify the Easement Agreement to provide the Town with the same easement rights to the Non-Exclusive Access Easement as the Town granted to CCP under the Easement to allow for the development of the Town Property for retail use.

Walmart Store #3004

NOW, THEREFORE, in consideration of the sum of Ten and No/100 (\$10.00), the mutual agreement contained herein and other good and valuable consideration, the receipt and sufficiency of which are hereby acknowledged, the Parties hereby agree as follows:

1. MODIFICATION OF EASEMENT.

A. The terms of the Easement Agreement are hereby incorporated into this Agreement, including, but not limited to the modification requirements of Section 7, the insurance requirements of Section 9 and the indemnification requirements of Section 10, however, this Agreement is not intended to, and does not, modify, amend or otherwise affect the rights or responsibilities of CCP under the Easement Agreement. Except as expressly modified herein, all the terms and conditions of the Easement Agreement (as amended and as defined herein) shall remain unmodified and shall continue to be binding on all parties to the Easement Agreement, including the Town and Walmart and shall remain in full force and effect.

B. The Easement Agreement is modified to grant the Town, its successors, assigns, users, occupants, tenants, and invitees (collectively, "**Permittees**") the non-exclusive, permanent easement appurtenant to the Town Property, specifically: a non-exclusive, permanent easement appurtenant to the Town Property across, over, through and under a portion of the Walmart Property for purposes of pedestrian and vehicular ingress and egress to and from Cicero Avenue: (a) in the area legally described and depicted in Exhibit C-2 and defined as the "Non-Exclusive Access Easement" in the Easement Agreement and (b) continuing in the area depicted on Exhibit C-2 as "Additional Access Easement" (collectively, "**Town Non-Exclusive Access Easement**"), provided, however, that the Town and their Permittees shall not park their vehicles upon the property subject to the Town Non-Exclusive Access Easement ("**33rd Place**") or otherwise unreasonably burden the same.

2. TEMPORARY CONSTRUCTION EASEMENT. In connection with the intended redevelopment of the Town Property, the Town, or successor Owners of the Town Property, Walmart hereby grants to the Owner of the Town Property, and to its successors and assigns, an appurtenant, temporary, non-exclusive easement on, over and across the Walmart Property ("**Temporary Construction Easement**") for the sole purpose of performing work to reconfigure and reduce one of the landscaping islands located within the 33rd Place, as generally depicted on "Exhibit C-1" attached hereto and incorporated herein (the "**Roadway Improvements Work**"). The Roadway Improvements Works shall be performed by the Owner of the Town Property at its sole cost and expense and in accordance with plans and specifications previously approved by Walmart and otherwise in accordance with the depictions attached hereto as Exhibit C-1. The Owner of the Town Property shall remove all trash and debris from the Roadway Easement Area that is created during the performance of the Roadway Improvements Work. The Temporary Construction Easement shall automatically terminate and be of no further force and effect upon the earlier of (i) the completion of Roadway Improvements Work, and (ii) the second (2nd) anniversary of the date of this Agreement. The Owner of the Town Property shall repair any damage to the Walmart Property caused by the Town or its contractors in connection with the Temporary Construction Easement.

All Roadway Improvements Work shall: (a) be performed in a manner so as to not unduly disrupt the operation of the operations on the Walmart Property; (b) be performed in compliance with all applicable laws, codes and ordinances; (c) not be performed during the months of November and December and if any Roadway Improvements Work has commenced during any calendar year, its shall be completed by October 31 of such year. Any modification or relocation of the Town Non-Exclusive Easement Area shall be done at the cost of the party requesting such modification.

3. **CONTRIBUTUION TOWARDS MAINTENANCE OF 33rd PLACE.** Commencing on the date that a business is open for business on the Town Property and continuing annually thereafter, the Owner of the Town Property, or its tenants or occupants, shall pay Walmart the sum of \$2,000 annually as a contribution towards the maintenance of the 33rd Place.

4. **MISCELLANEOUS.**

A. The Recitals are incorporated into this Agreement. All exhibits referred to herein and attached hereto shall be deemed part of this Agreement.

B. The easements provided for herein shall: (i) be effective upon execution of this Agreement, (ii) be covenants running with the land, (iii) constitute a use for benefits to and burdens upon the Properties, (iv) inure to the benefit of and be binding upon the respective successors, successors-in-title, assigns, heirs and tenants of each Owner and the Permittees of such Owner, and (v) shall remain in full force and effect and shall be unaffected by any change in ownership of the Properties.

C. If any one or more of the foregoing covenants, conditions or restrictions shall be declared to be null and void for any reason by a court of competent jurisdiction, such judgment or decree shall not in any manner whatsoever affect any of the covenants, conditions or restrictions not so declared to be void, but all of the remaining covenants, conditions and restrictions not so expressly held to be void shall continue unimpaired and in full force and effect.

D. All notices and other communications required or permitted to be given hereunder shall be in writing and shall be mailed by certified or registered mail, postage prepaid, or by a nationally recognized overnight carrier, addressed as set forth above or to such other address or such other person as either Party may from time to time hereafter specify to the other party in a notice delivered in the manner provided above. Upon the conveyance by an Owner of its Property, the new Owner shall provide notice of its address for notices under this Agreement to the other Owner(s). Absent such notice, written notice served upon the registered agent of the current titleholder (as shown on the records of the Secretary of State of the state where the titleholder was incorporated) of an Owner's Property shall be sufficient.

E. This Agreement shall be governed by and construed in accordance with the laws of the State of Illinois.

F. This Agreement may be executed in any number of counterparts and by each of the Parties on separate counterparts, which counterparts taken together shall constitute one and the same instrument.

Future Developments

General Instructions

Section references are to the Internal Revenue Code unless otherwise noted

Purpose of Form

Form 8038-GC is used by the issuers of tax-exempt governmental obligations to provide the IRS with the information required by section 149(e) and to monitor the requirements of sections 141 through 150.

Who Must File

Issuers of tax-exempt governmental obligations with issue prices of less than \$100,000 must file Form 8038-GC. Issuers of a tax-exempt governmental obligation with an issue price of \$100,000 or more must file Form 8038-G, Information Return for Tax-Exempt Governmental Bonds.

Filing a separate return for a single issue.

Issuers have the option to file a separate Form 8038-GC for any tax-exempt governmental obligation with an issue price of less than \$100,000.

An issuer of a tax-exempt bond used to finance construction expenditures must file a separate Form 8038-GC for each issue to give notice to the IRS that an election was made to

pay a penalty in lieu of arbitrage rebate. See the instructions for line 11, later.

Filing a consolidated return for multiple issues. For all tax-exempt governmental obligations with issue prices of less than \$100,000 that are not reported on a separate Form 8038-GC, an issuer must file a consolidated information return including all such issues issued within the calendar year.

Thus, an issuer may file a separate Form 8038-GC for each of a number of small issues and report the remainder of small issues issued during the calendar year on one consolidated Form 8038-GC. However, if the issue is a construction issue, a separate Form 8038-GC must be filed to give the IRS notice of the election to pay a penalty in lieu of arbitrage rebate.

When To File

To file a separate return for a single issue, file Form 8038-GC on or before the 15th day of the second calendar month after the close of the calendar quarter in which the issue is issued.

To file a consolidated return for multiple issues, file Form 8038-GC on or before February 15 of the calendar year following the year in which the issue is issued.

Late filing. An issuer may be granted an extension of time to file Form 8038-GC under section 3 of Rev. Proc. 2002-48, 2002-37 I.R.B. 531, if it is determined that the failure to file on time isn't due to willful neglect. Write at the top of the form, "Request for Relief under section 3 of Rev. Proc. 2002-48." Attach to the Form 8038-GC a letter briefly stating why the form was not submitted to the IRS on time. Also indicate whether the obligation in question is under examination by the IRS. Do not submit copies of any bond documents, leases, or installment sale documents. See *Where To File next*.

Where To File

File Form 8038-GC and any attachments at the following address.

Department of the Treasury

Other Forms That May Be Required

For rebating arbitrage (or paying a penalty in lieu of arbitrage rebate) to the Federal Government, use Form 8038-T, Arbitrage Rebate, Yield Reduction and Penalty in Lieu of Arbitrage Rebate. For private activity bonds, use Form 8038, Information Return for Tax-Exempt Private Activity Bond Issues.

For a tax-exempt governmental obligation with an issue price of \$100,000 or more, use Form 8038-G.

Rounding to Whole Dollars

You may show the money items on this return as whole-dollar amounts. To do so, drop any amount less than 50 cents and increase any amount from 50 to 99 cents to the next higher dollar. For example, \$1.49 becomes \$1 and \$2.50 becomes \$3. If two or more amounts must be added to figure the amount to enter on a line, include cents when adding the amounts and round off only the total.

Definitions

Obligations. This refers to a single tax-exempt governmental obligation if Form 8038-GC is used for separate reporting or to multiple tax-exempt governmental obligations if the form is used for consolidated reporting.

Tax-exempt obligation. This is any obligation including a bond, installment purchase agreement, or financial lease, on which the interest is excluded from income under section 103.

Tax-exempt governmental obligation. A tax-exempt obligation that isn't a private activity bond (see below) is a tax-exempt governmental obligation. This includes a bond issued by a qualified volunteer fire department under section 150(e).

Private activity bond. This includes an obligation issued as part of an issue in which:

- More than 10% of the proceeds are to be used for any private activity business use, and
- More than 10% of the payment of principal or interest of the issue is either (a) secured by an interest in property to be used for a private business use (or payments for such property) or (b) to be derived from payments for property (or borrowed money) used for a private business use.

It also includes a bond, the proceeds of which (a) are to be used to make or finance loans (other than loans described in section 141(c)(2)) to persons other than governmental units and (b) exceeds the lesser of 5% of the proceeds or \$5 million.

Issue. Generally, obligations are treated as part of the same issue only if they are issued by the same issuer, on the same date, and as part of a single transaction, or a series of related transactions. However, obligations issued during the same calendar year (a) under a loan agreement under which amounts are to be advanced periodically (a "draw-down loan") or (b) with a term not exceeding 270 days, may be treated as part of the same issue if the obligations are equally and ratably secured under a single indenture or loan agreement and are issued under a common financing arrangement (for example, under the same official statement periodically updated to reflect changing factual circumstances). Also, for obligations issued under a draw-down loan that meets the requirements of the preceding sentence, obligations issued during different calendar years may be treated as part of the same issue if all of the amounts to be advanced under the draw-down loan are reasonably expected to be advanced within 3 years of the date of issue of the first obligation. Likewise, obligations (other than private activity bonds) issued under a single agreement that is in the form of a lease or installment sale may be treated as part of the same issue if all of the property covered by that agreement is reasonably expected to be delivered within 3 years of the date of issue of the first obligation.

Arbitrage rebate. Generally, interest on a state or local bond is not tax-exempt unless the issuer of the bond rebates to the United States arbitrage profits earned from investing proceeds of the bond in higher yielding nonpurpose investments. See section 148(f).

Construction issue. This is an issue of tax-exempt bonds that meets both of the following conditions:

1. At least 75% of the available construction proceeds of the issue are to be used for construction expenditures with respect to property to be owned by a governmental unit or a 501(c)(3) organization, and

2. All of the bonds that are part of the issue are qualified 501(c)(3) bonds, bonds that are not private activity bonds, or private activity bonds issued to finance property to be owned by a governmental unit or a 501(c)(3) organization.

In lieu of rebating any arbitrage that may be owed to the United States, the issuer of a construction issue may make an irrevocable election to pay a penalty. The penalty is equal to 1-1/2% of the amount of construction proceeds that do not meet certain spending requirements. See section 148(f)(4)(C) and the Instructions for Form 8038-T.

Specific Instructions

In general, a Form 8038-GC must be completed on the basis of available information and reasonable expectations as of the date of issue. However, forms that are filed on a consolidated basis may be completed on the basis of information readily available to the issuer at the close of the calendar year to which the form relates, supplemented by estimates made in good faith.

Part I—Reporting Authority

Amended return. An issuer may file an amended return to change or add to the information reported on a previously filed return for the same date of issue. If you are filing to correct errors or change a previously filed return, check the *Amended Return* box in the heading of the form.

The amended return must provide all the information reported on the original return, in addition to the new corrected information. Attach an explanation of the reason for the amended return and write across the top "Amended Return Explanation."

Line 1. The issuer's name is the name of the entity issuing the obligations, not the name of the entity receiving the benefit of the financing. In the case of a lease or installment sale, the issuer is the lessee or purchaser.

Line 2. An issuer that does not have an employer identification number (EIN) should apply for one online by visiting the IRS website at www.irs.gov/EIN. The Organization may also apply for an EIN by faxing or mailing Form SS-4 to the IRS.

Lines 3 and 4. Enter the issuer's address or the address of the designated contact person listed on line 6. If the issuer wishes to use its own address and the issuer receives its mail in care of a third party authorized representative (such as an accountant or attorney), enter on the street address line "C/O" followed by the third party's name and street address or P.O. box. Include the suite, room, or other unit number after the street address. If the post office does not deliver mail to the street address and the issuer has a P.O. box, show the box number instead of the

street address. If a change in address occurs after the return is filed, use Form 8822, Change of Address, to notify the IRS of the new address.

Note. The address entered on lines 3 and 4 is the address the IRS will use for all written communications regarding the processing of this return, including any notices. By authorizing a person other than an authorized officer or other employee of the issuer to communicate with the IRS and whom the IRS may contact about this return, the issuer authorizes the IRS to communicate directly with the individual listed on line 6, whose address is entered on lines 3 and 4 and consents to disclose the issuer's return information to that individual, as necessary, to process this return.

Line 5. This line is for IRS use only. Don't make any entries in this box.

Part II—Description of Obligations

Check the appropriate box designating this as a return on a single issue basis or a consolidated return basis.

Line 8a. The issue price of obligations is generally determined under Regulations section 1.148-1(b). Thus, when issued for cash, the issue price is the price at which a substantial amount of the obligations are sold to the public. To determine the issue price of an obligation issued for property, see sections 1273 and 1274 and the related regulations.

Line 8b. For a single issue, enter the date of issue (for example, 03/15/2010 for a single issue issued on March 15, 2010), generally the date on which the issuer physically exchanges the bonds that are part of the issue for the underwriter's (or other purchaser's) funds; for a lease or installment sale, enter the date interest starts to accrue. For issues reported on a consolidated basis, enter the first day of the calendar year during which the obligations were issued (for example, for calendar year 2010, enter 01/01/2010).

Lines 9a through 9h. Complete this section if property other than cash is exchanged for the obligation, for example, acquiring a police car, a fire truck, or telephone equipment through a series of monthly payments. (This type of obligation is sometimes referred to as a "municipal lease.") Also complete this section if real property is directly acquired in exchange for an obligation to make periodic payments of interest and principal.

Don't complete lines 9a through 9d if the proceeds of an obligation are received in the form of cash even if the term "lease" is used in the title of the issue. For lines 9a through 9d, enter the amount on the appropriate line that represents a lease or installment

purchase. For line 9d, enter the type of item that is leased. For lines 9e through 9h, enter the amount on the appropriate line that represents a bank loan. For line 9h, enter the type of bank loan.

Lines 9i and 9j. For line 9i, enter the amount of the proceeds that will be used to pay principal, interest, or call premium on any other issue of bonds, including proceeds that will be used to fund an escrow account for this purpose. Several lines may apply to a particular obligation. For example, report on lines 9i and 9j obligations used to refund prior issues which represent loans from the proceeds of another tax-exempt obligation.

Lines 9k. Enter on line 9k the amount on line 8a that does not represent an obligation described on lines 9a through 9j

Line 10. Check this box if the issuer has designated any issue as a "small issuer exception" under section 265(b)(3)(B)(i)(III).

Line 11. Check this box if the issue is a construction issue and an irrevocable election to pay a penalty in lieu of arbitrage rebate has been made on or before the date the bonds were issued. The penalty is payable with a Form 8038-T for each 6-month period after the date the bonds are issued. Do not make any payment of penalty in lieu of rebate with Form 8038-GC. See Rev. Proc. 92-22, 1992-1 C.B. 736, for rules regarding the "election document."

Line 12. Enter the name of the vendor or bank who is a party to the installment purchase agreement, loan, or financial lease. If there are multiple vendors or banks, the issuer should attach a schedule.

Line 13. Enter the employer identification number of the vendor or bank who is a party to the installment purchase agreement, loan, or financial lease. If there are multiple vendors or banks, the issuer should attach a schedule.

Signature and Consent

An authorized representative of the issuer must sign Form 8038-GC and any applicable certification. Also print the name and title of the person signing Form 8038-GC. The authorized representative of the issuer signing this form must have the authority to consent to the disclosure of the issuer's return information, as necessary to process this return, to the person(s) that has been designated in this form.

Note. If the issuer authorizes in line 6 the IRS to communicate with a person other than an officer or other employee of the issuer, (such authorization shall include contact both in writing regardless of the address entered in lines 3 and 4, and by telephone) by signing this form, the issuer's authorized representative consents to the disclosure of the issuer's return information, as necessary to process this return, to such person.

Paid Preparer

If an authorized representative of the issuer filled in its return, the paid preparer's space should remain blank. Anyone who prepares the return but does not charge the organization should not sign the return. Certain others who prepare the return should not sign. For example, a regular, full-time employee of the issuer, such as a clerk, secretary, etc., should not sign.

Generally, anyone who is paid to prepare a return must sign it and fill in the other blanks in the *Paid Preparer Use Only* area of the return. A paid preparer cannot use a social security number in the *Paid Preparer Use Only* box. The paid preparer must use a preparer tax identification number (PTIN). If the paid preparer is self-employed, the preparer should enter his or her address in the box.

The paid preparer must:

- Sign the return in the space provided for the preparer's signature, and
- Give a copy of the return to the issuer.

FINDINGS OF FACT AND RECOMMENDATION OF THE ZONING BOARD OF APPEALS

RE: 1325 South 50th Court, Cicero, Illinois (the “Subject Property”)

GRANT OF VARIANCE

On August 10, 2022, the Zoning Board of Appeals (the “ZBA”) of the Town of Cicero (the “Town”) recommended approving construction plans as presented to de-convert a non-conforming three (3) unit apartment building to a legal non-conforming two (2) unit apartment building in an R-1 Zoning District, subject to certain conditions as stated herein, based on the following:

1. Maria Perez (the “Applicant”) originally sought a variance to allow for the construction of a partial dormer addition on the second floor (the “Zoning Relief”) at the Subject Property, which is located in the R-1 zoning district; and
2. Pursuant to the Town’s Zoning Ordinance of 1977, as amended (the “Zoning Ordinance”), the Subject Property is a non-standard lot as it is less than 3,500 square feet; and
3. In accordance with the Illinois Compiled Statutes and the Zoning Ordinance, notice of the public hearing regarding the Applicant’s requested Zoning Relief (the “Hearing”) was published in one or more newspapers published in the Town; and
4. The ZBA does not have the authority to approve an increase in the non-conforming nature of a structure on a nonstandard lot; and
5. After discussion with the ZBA and Town staff, the Applicant submitted revised plans for the Property which divide the apartment units with each unit having a first floor and second floor, and such plans do not require or seek a second-floor dormer at the Property (the “Revised Plans”); and
6. The Subject Property, if remodeled in accordance with the Revised Plans, will allow for two (2) apartment units, each with an upstairs and downstairs area, and which would be legal non-conforming use within the R-1 zoning district; and
7. Accordingly, the Applicant withdrew her request for a variance for a dormer, but sought approval of the alterations to the Subject Property as a legal non-conforming use; and
8. The Applicant requested that the findings of fact period be waived, and the ZBA approved Applicant’s request by a unanimous vote; and
9. In light of the above, the ZBA found that recommending the Revised Plans would not: (a) endanger the public health, safety, morals, comfort, or general welfare of

the neighborhood; (b) harm the use or enjoyment of property in the immediate vicinity or damage neighboring property values; (c) impede upon the normal and orderly development and improvement of surrounding property; or (d) alter the essential character of the area.

CONCLUSION; CONDITIONS

The Applicant provided evidence that the Revised Plans would comply with the requirements set forth in the Zoning Ordinance and the ZBA hereby recommends that the Revised Plans be approved, subject to the review, approval, and inspection of the necessary Town departments and staff. Further, the ZBA hereby recognizes the legal nonconformity related to use of the Subject Property as a two (2) unit apartment building as detailed above. The Revised Plans as presented will not alter the essential character of the area nor negatively impact neighboring property values. Based on the foregoing, the ZBA recommends approval of the Revised Plans and recognizes the legal non-conforming nature of the Subject Property.

BUDGET SUMMARY – NON STATE OF ILLINOIS FUNDS

Lines 1-11: For which matching funds or other contributions are provided, show the total contribution for each applicable budget category.

Line 12: Show the total matching or other contribution.

Please see detail worksheet and narrative section for further descriptions and explanations of budgetary line items

Section C - Budget Worksheet & Narrative

[Attach separate sheet(s)]

Pay attention to applicable program specific instructions, if attached.

All applicants are required to submit a budget narrative along with Section A and Section B. The budget narrative is sometimes referred to as the budget justification. The narrative serves two purposes: it explains how the costs were estimated and it justifies the need for the cost. The narrative may include tables for clarification purposes. The State of Illinois recommends using the State of Illinois Uniform Budget Template worksheet and narrative guide provided.

1. Provide an itemized budget breakdown, and justification by project year, for each budget category listed in Sections A and B.
2. For non-State of Illinois funds or resources listed in Section B that are used to meet a cost-sharing or matching requirement or provided as a voluntary cost-sharing or matching commitment, you must include:
 - a. The specific costs or contributions by budget category;
 - b. The source of the costs or contributions; and
 - c. In the case of third-party in-kind contributions, a description of how the value was determined for the donated or contributed goods or services.

84

[Please review cost sharing and matching regulations found in 2 CFR 200.306.]

3. If applicable to this program, provide the rate and base on which fringe benefits are calculated.
4. If the applicant is requesting reimbursement for indirect costs on line 18, this information should be completed by the applicant's Business Office. Specify the estimated amount of the base to which the indirect cost rate is applied and the total indirect expense. Depending on the grant program to which the applicant is applying and/or the applicant's approved Indirect Cost Rate Agreement, some direct cost budget categories in the applicant's grant application budget may not be included in the base and multiplied by your indirect cost rate. Please indicate which costs are included and which costs are excluded from the base to which the indirect cost rate is applied.
5. Provide other explanations or comments you deem necessary.

Keep in mind the following—

Although the degree of specificity of any budget will vary depending on the nature of the project and State of Illinois agency requirements, a complete, well-thought-out budget serves to reinforce your credibility and increase the likelihood of your proposal being funded.

- A well-prepared budget should be reasonable and demonstrate that the funds being asked for will be used wisely.
- The budget should be as concrete and specific as possible in its estimates. Make every effort to be realistic, to estimate costs accurately.
- The budget format should be as clear as possible. It should begin with a budget narrative, which you should write after the entire budget has been prepared.
- Each section of the budget should be in outline form, listing line items under major headings and subheadings.
- Each of the major components should be subtotaled with a grand total at the end.

85

Your budget should justify all expenses and be consistent with the program narrative:

- Salaries should be comparable to those within the applicant organization.
- If new staff is being hired, additional space and equipment are considered, as necessary.
- If the budget lists an equipment purchase, it is the type allowed by the agency.
- If additional space is rented, the increase in insurance is supported.
- If an indirect cost rate applies to the proposal, the division between direct and indirect costs is not in conflict, and the aggregate budget totals refer directly to the approved formula. Indirect costs are costs that are not readily assignable to a particular project, but are necessary to the operation of the organization and the performance of the project (like the cost of operating and maintaining facilities, depreciation, and administrative salaries).

§200.308 Revision of budget and program plans

(e) The Federal/State awarding agency may, at its option, restrict the transfer of funds among direct cost categories or programs, functions and activities for Federal/State awards in which the Federal/State share of the project exceeds the Simplified Acquisition Threshold and the cumulative amount of such transfers exceeds or is expected to exceed 10 percent or \$1,000 per detail line item, whichever is greater of the total budget as last approved by the Federal/State awarding agency. The Federal/State awarding agency cannot permit a transfer that would cause any Federal/State appropriation to be used for purposes other than those consistent with the appropriation.

Questions regarding the applicability of Prevailing Wage requirements may also be referred to the Illinois Department of Labor at 312/793-1585 or 217/782-1710. Public Act 96-1064 - Business Enterprise Program: Public Act 96-1064 mandates that each award by grant or loan of State funds of \$250,000 or more for capital construction costs or professional services is conditioned upon the recipient's written certification that the recipient shall comply with the business enterprise program practices for minority-owned businesses, female-owned business, and businesses owned by persons with disabilities of the Business Enterprise for Minorities, Females and Persons with Disabilities Act (30 ILCS 575/0.01 et seq.) and the equal employment practices of Section 2-105 of the Illinois Human Rights Act (775 ILCS 5/2-105).

Illinois Works Jobs Program Act (30 ILCS 559/Art. 20): For Awards with an estimated total project cost of \$500,000 or more, the Grantee will be required to comply with the Illinois Works Apprenticeship Initiative (30 ILCS 559/20-20 to 20-25) and all applicable administrative rules (see 14 Ill. Admin. Code Part 680). The “estimated total project cost” is a good faith approximation of the costs of an entire project being paid for in whole or in part by appropriated capital funds to construct a public work. Grantee must submit a Budget Supplement Form (available on the DCEO website) to the Grantor within ninety (90) days of the execution of a Grant Award (Agreement).

The goal of the Illinois Works Apprenticeship Initiative is that apprentices will perform either 10% of the total labor hours worked in each prevailing wage classification or 10% of the estimated labor hours in each prevailing wage classification, whichever is less. Grantee is permitted to seek from the Grantor a waiver or reduction of this goal in certain circumstances pursuant to 30 ILCS 559/20-20(b). The Grantee must ensure compliance for the life of the entire project, including during the term of the Award and after the Term ends, if applicable, and will be required to report on and certify its compliance. More on the Act may be found at: <https://www2.illinois.gov/dceo/WorkforceDevelopment/Pages/IllinoisWorksJobsProgramAct.aspx>

IMPORTANT GRANT INFORMATION

- The grant award may not be finalized, and grant funds may not be disbursed, until all necessary approvals have been obtained and a Grant Agreement has been executed between DCEO and the Grantee. The time required to finalize this process depends largely upon the completeness and accuracy of the information submitted.
- The grant term should begin no earlier than July 1, 2021. The initial grant term cannot exceed two years. All project activities must be completed within this time.
- All project activities and all expenditures of grant funds must be consistent with the Scope of Work and Budget included in the Grant Agreement. The Scope of Work and the Budget will be developed based upon the information provided in the Grantee's completed application.
- Proceeds of tax-exempt bonds can be used to reimburse for expenditures previously made. The reimbursement can be made for a period of up to 18 months after the date of expenditures were made or when the property is placed in service, but no later than three years after the date of the expenditures.
- All environmental approvals must be submitted and cleared by the appropriate state agency prior to payment of costs related to renovation of a building/structure or "dirt-moving" costs.
- Payment provisions will be specified in the Grant Agreement. Payment for bond fund projects will be disbursed on a reimbursement basis, unless otherwise approved by DCEO.
- Any contractual agreement between the Grantee and another party (being paid with grant funds) must include special language to allow DCEO access to the other party's records, relative to the grant. This includes construction subcontractors, consultants who provide services, and any other entity with which the grantee has a legal agreement to expend grant funds. Please contact your grant manager if you need a copy of this language (to incorporate into your legal subcontracts) prior to receiving your grant agreement.
- Grantee shall be subject to the audit requirements contained in the Single Audit Act Amendments of 1996 (31 USC 7501-7507) and Subpart F of 2 CFR Part 200, and the audit rules and policies set forth by the Governor's Office of Management and Budget. See 30 ILCS 708/65(c); 44 Ill. Admin. Code 7000.90.
- The Grantee shall ensure that grant funds are expended in accordance with generally accepted sound, business practices, arms-length bargaining, applicable federal and state laws and regulations. Grant expenditures should conform to the terms and conditions of the grant agreement and should not exceed the amount that would be incurred by a prudent person under the circumstances prevailing at the time the decision is made to incur the costs. Grant accounting should be consistent with generally accepted accounting principles.
- **NOTE:** Please be aware that until a Grant Agreement has been executed by the Grantee and DCEO, the Grantee is at risk for any costs incurred that it intends to be paid for from grant funds. Thus, recipients of grant appropriations are advised not to begin project activities and not to incur costs until they have received a fully executed Grant Agreement reflecting the agreed upon Scope of Work and Budget.

INSTRUCTIONS

All questions in the following sections must be completed by the applicant. Additional documentation should be attached as necessary to adequately respond to the question or to provide the detail requested.

SECTION 1: SCOPE OF WORK - INSTRUCTIONS

Provide the Project Title, it needs to be the same as or consistent with the title provided in the Proposal Information above.

Provide a detailed description of the proposed project and the intended use of grant funds. The information provided in this description will assist DCEO in developing the Scope of Work for the grant agreement if the grant is awarded. It will also facilitate the periodic reporting that will be required to update DCEO on the status of the project’s major milestones if the grant is awarded.

Briefly describe each task in the Description of Tasks column. These tasks will be used to develop the grant agreement. The applicant should assign an estimated completion date for each task. If a grant is awarded, the applicant will have the opportunity to modify these dates prior to the execution of the grant.

SECTION 2: PROJECTED EMPLOYMENT IMPACT – INSTRUCTIONS - FTE Value Table

DCEO uses Section 2. Projected Employment Impact of the standard grant application form to document the estimated economic benefits of a proposed grant project based on the projected employment impact. The FTE (Full Time Equivalent) Value Table in Section 2 standardizes the DCEO process for collecting and reporting job count data for projected (estimated) jobs at the grant level.

For DCEO purposes, an FTE is a measurement unit for assigning a numerical value to an individual employment position (both projected and/or certified jobs; both created and/or retained jobs). For example, while DCEO assigns an FTE value of 1.0 to a permanent full time position, other categories of positions that are estimated to involve a fewer number of hours to be worked over the course of a year will be assigned a lower FTE value of either .5 or .25. DCEO uses this approach so that a job count that includes various categories of jobs is more accurate and is not inflated or overstated. Applicants should be realistic when estimating the number of projected FTEs that may result directly from a grant. For example, when projecting FTEs, the applicant must consider that if approved for funding the grantee will be required at a later date to certify FTE data for all created and retained positions, using the DCEO Job Count FTE Certification Form. Please remember that the FTE count includes only positions that are a direct result of a DCEO grant, meaning the positions would not be created or retained **but for** the DCEO grant provided.

Key Definitions

Created Job: A new position, not in existence prior to the DCEO grant, to be developed and filled, or an existing unfilled position to be filled; the position could not be filled **but for** the DCEO grant provided.

Retained job: An existing position projected to be maintained that otherwise would be eliminated by the grantee **but for** the DCEO grant provided. **Note:** *a job previously reported as retained during the course of a previous DCEO grant cannot be projected again as retained in the current DCEO grant application if the end date of the previous DCEO grant is less than 24 months prior to the current application date. However, a job reported as retained during the course of a previous DCEO grant can be reported as retained in the current DCEO grant application, if the end date of the previous DCEO grant occurred more than 24 months prior to the date of the current DCEO application.*

Other Employment Impacts: This is an optional text field where you can identify other significant employment impacts that are not reported as an FTE value. These impacts may include a positive impact on non-certified jobs, or other positive economic impacts with the applicant organization or elsewhere in the Illinois economy. This area can also be used to identify the number of Temporary Part time Positions that do not meet the minimum requirement of 200 hours of work per position.

SECTION 3: APPLICANT CERTIFICATION - INSTRUCTIONS

The applicant should read and understand the certification statement provided in this section.

The individual that signs this section should be the individual that is authorized to sign the grant agreement if grant funds are awarded. The authorized individual should sign their name, print their name and title and date of certification. **Digital signatures are not accepted.*

Please note the certification authorizes DCEO to publish a copy of the completed application on DCEO's website.

*For grants with an estimated total project cost of \$500,000 or more, the grantee will be required to comply with the Illinois Works Apprenticeship Initiative (30 ILCS 559/20-20 to 20-25) and the applicable administrative rules at 14 Ill. Admin. Code Part 680. The "estimated total project cost" is a good faith approximation of the costs of an entire project being paid for in whole or in part by appropriated capital funds to construct a public work. Operational costs are not included in the calculation of estimated total project costs. The goal of the Illinois Apprenticeship Initiative is that apprentices will perform either 10% of the total labor hours actually worked in each prevailing wage classification or 10% of the estimated labor hours in each prevailing wage classification, whichever is less.

Part II. Applicable Apprenticeship Goal

If Yes, the 10% apprenticeship goal applies to all prevailing wage eligible work performed on the entire project.

If No, the 10% apprenticeship goal applies only to prevailing wage eligible work being funded by State appropriated capital funds.
